Why have we chosen this advertising vehicle? Because it is a **good** advertising vehicle, just as the vehicle that you can buy from us will be a good vehicle.

Your reliable dealer, **Valerio**, is here to offer you his used machine bargains of the month, **the most popular used machines of Romagna**, including all makes in the world and all prices.

And as regards prices, many people complain because we don't specify the price of our second hand machines. Why don't we state the price? Because, dear sirs, the prices are embarrassing, it's better not to state the price. Come and visit us and you will find the machine for you; and every one of our used machines is a real bargain. The sooner you come the better, because otherwise someone else will take the machine away. If you have a particular machine in mind, come soon, otherwise someone else will buy it.

You will find the best of the best of the best in our constantly new and renewed extensive range of used machines: machines for all pockets and for all tastes, a **huge variety of machines**.

I just want to impress on you the fact that we are always there, at **Bagnacavallo (Ravenna), at n° 1, Via San Gervasio**. I and my assistants are there, and if I am momentarily absent, you will find **Valerio**, at your **complete disposal**, to cater to your every whim with our second hand machine bargains.

We have second hand machines for everyone, for all tastes and for almost all ages. You will find the machine of your dreams. Perhaps you wake up in the morning and say: "Last night I dreamt of a machine". Come here and you will find it, you can touch it and examine it, and you can buy it.

The used machines of the month are not machines for everyone, but only for a certain **sector** of customers.

Machines with **affective** hours, they are machines with many hours on the clock, but that's what is nice about them, because everyone knows you where you work, and they will point you out and say: "There he is, look there, that's him"

Having a lot of hours on the clock is a good thing !
